Delegates to Democratic State Convention Will Be on Ground Sunday.

CANDIDATES FOR NATIONAL DELEGATES

Douglas County Democracy Will Work for Reorganization of State Committee-Populists Are Preparing for State Convention.

Most of the delegates to the democratic state convention will go to Lincoln Sunday to be on the ground early. But little is known here as to the personnel of the candidates for positions as delegates to the national convention, if there be any. M. F. Harrington of O'Neill is mentioned as one other, while R. L. Metcaife is candidate for democratic county committee last Saturday Mrs. Morrison, Mrs. D. R. Kerr, Mrs. an effort to secure the endorsement of John Fine, Mrs. Pingree of New York and Mrs. Creighton and W. A. Paxton at the same time was defeated, as the Dauglas County Democracy refused to go on record in that manner. Under the terms of the compromise between the democratic factions each is entitled to name one of the two delegates from this district, but neither has done so It is understood that the Jacksonian crowd has selected Creighton, but the County Democracy has expressed no preference, and the Jacksonians have not publicly announced their selection. Members of the county democracy say that they have but one declared preference, and they want to go to Lincoln in a position to confer with other counties that may have aspirants.

One thing that the County Democracy forces are determined to do at the convention next Monday is to work for a reorganization of the state committee. The member. Omaha theatertion is not due until the nominating con- but they do hope to find at a first-class thority for the statement that the selection its field of operations to agricultural disof officers for the reorganization has already tricts. Fortunately the engagement was for been made, and that Mr. Bryan wants his two performances only, neather and evening brother-in-law, Tom Allen, made chairman and Benton Maret secretary. Meantime, regardless of this report, the County Democracy is going to the convention prepared to push claims of W. W. McCombs of this county for the secretaryship, and it is claimed that even Mr. Bryan can hardly af ford to stand in the way of the Douglas county aspirant.

The populists will hold their primaries Friday evening from 7 to 9 o'clock for the solection of delegates to the populist convention the following day, at which delegates will be selected to the state convention at Lincoln on Monday. Every registered populist will be allowed to vote at the orimaries. Douglas county will be entitled to 105 delegates in the state convention of next Monday, but it is very likely that in the convention later in the year for the nomination of state officers the representation of Douglas county populists will be county populism, and it is frequently re- ber, which was, to say the feast, an erration marked that they would doubtless have a great deal of difficulty in finding enough acthe basis that has heretofore prevailed. Un-less some unforescen eruption occurs the more favorable cfreumstances. He has an primed to work for John O. Yeiser for govdown it will give him a leverage that cannot be ignored.

CHORUS OF THE WOMAN'S CLUB Well Trained Musical Aggregation

Gives Concert at the First Congregational Church.

At the First Congregational church last night a musical program was given under the auspices of the Woman's Club chorus, an aggregation of members who meet once a week for the purpose of fearning some thing about choral work under the training of Oscar Garelssen. It would be manifestly unfair to criticise the chorus from a standpoint of aesthetic tone, color, style or finish. it is composed of a number of voices, more or less fresh, more or less pleasant, and from the standpoint of volume-all that one might desire. The altos were particularly noticeable and the work of that section was most commendable. The works which were materially cut down, as populists out in the sung were quite ambitious and perhaps a materially cut down, as populists out in the state are inclined to poke fun at Douglas more satisfactory than the Chaminade num-
